Eng Maschinn
di kann Pabeler maan

Deng Maschinn di kann Pabeier maan.

De Bagger drückt mat sengem groussen Oarm op deen rosaen Knäppchen. Dann geet d'Maschinn un an de Camion bréngt Holz an dat ass a kleng Cuben geschnidden. D'Holz geet an d'Messeren, d'Messeren maachen kleng Grimmelen mam Holz. D'Messeren gesi mer nët, well sie sin an der Maschinn.

Di Maschinn kann mëllen Pabeier maan an hoarden Pabeier maan.

D'Grimmelen vum Holzgi gewiermt an dann gin se hoart an dann gëtt et hoarden Pabeier, mee do muss een och Pabeier ronderëm d'Grimmelen maachen. Deen Pabeier ass schon fabrizéiert gin.

Fir de mëllen Pabeier gun d'Grimmelen kaal gemat an et gëtt keen Pabeier ronderëm gemat.

Dat ass eng Maschinn
fir Holz ze schneiden.
